ANNUAL CATALOGUE

Castagnetto & Matteucci

Jewelry and Silversmiths

Established 1894

Telephone Garfield 3918

211-213 Columbus Avenue

San Francisco - - California

Foreword

WE ARE greatly pleased to be able to place in the hands of our friends and patrons, this beautiful new catalog, which is an engraver's masterpiece and a printer's work of art, very correctly portraying in photo reproduction, representative articles from the various lines we carry, selected with a view to showing their exceptional value.

We have not attempted to illustrate our whole stock, in fact that would not be possible, because of its immensity and would not be practical for the reason that we are constantly adding thereto.

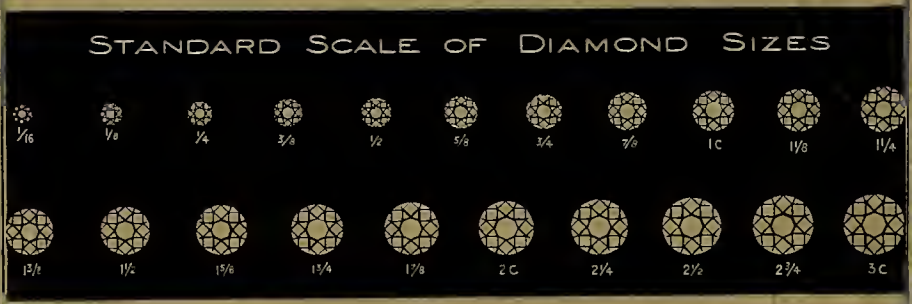
We hope you will conserve this book for future reference, always bearing in mind that we will gladly welcome you to our establishment, either as a customer or an interested visitor.

DIAMONDS

Years of technical training and constant practice are necessary to appraise the value of diamonds accurately. There are so many variations and combinations of variations in weight, size, color, shape and brilliancy, all of which affect the value, that the occasional purchaser must buy absolutely on faith—faith in the honesty, experience and judgment of the jeweler you are dealing with. We stand behind every diamond sold by us. Its quality, weight and color we fully guarantee.

We have made a specialty of diamonds for many years, and buying in large quantities direct from headquarters enables us to secure prices and selections that are not otherwise possible. The quality is the best that can possibly be furnished at any given price and diamonds purchased of us will be at a considerable saving to you.

We do all kinds of diamond mounting and are pleased at all times to quote prices for the work or submit special designs for making over or resetting family gems.



This cut accurately represents the actual sizes of well-proportioned diamonds of the weights indicated. The standard of weight is the "carat," a name derived from the seeds of an Oriental pod-bearing plant, used to weigh gold dust, and is equivalent to 3.174 grains troy.

A diamond of correct proportions is twice as wide as it is deep, the depth divided one-third above and two-thirds below the girdle. A stone so cut is very brilliant and "well-spread."

TO DETERMINE SIZE OF RING OR THIMBLE

Take a small strip of paper, draw tightly around the finger and cut off where both ends meet. Lay on diagram, one end even with the line marked "A." The numbered line to which the other end reaches is the size of ring or thimble required.

See back inside cover page for special instructions for placing orders by mail and other valuable information

GREETING

THE illustrations herewith presented for your consideration, will give, we hope, some idea of the extent, elegance and beauty of our choice collection; it is of necessity, for lack of space, an inadequate idea.

While neither time nor expense has been spared to show by photographic reproductions the goods truthfully and correctly, the engravers art, though satisfactory in its details and execution, is yet no fitting exponent of the harmonious blending of the rich and dainty colors, the splendid and well-wrought designs and finish of the actual goods themselves.

It would be impossible to illustrate our entire stock, therefore we have chosen, principally, more of the inexpensive pieces. If any article is desired and not shown, estimates and full particulars will be furnished promptly, and every effort made to meet the customer's wishes. Our endeavor will be to maintain and extend the high standard of excellence for which we are known.

Our success has been very marked because of rare judgment and good taste in the selection of our goods. Therefore we cannot do otherwise than to honestly represent them, thereby satisfying our present and prospective customers.

Your personal inspection of our stock is solicited and will be appreciated.

WATCHES

It is impossible to give you in this catalog a fair idea of our stock of watches; the assortment is so large and varied that we could well issue a catalog for that department alone. You will find here all grades of watches from the very finest to the inexpensive. Great care has been exercised in the selection of both cases and movements. You may depend upon the watch you buy of us being full value to the very last penny. Every watch we sell bears our personal guarantee.

SILVERWARE

We have made greater preparations this year than ever before in selecting our silverware and wish to assure our patrons that our stock is not only the largest we have ever carried, but it comprises the choicest and most desirable patterns from the leading makers, and we are, therefore, able to offer you goods which are thoroughly reliable and up-to-date.

The patterns include some of the most exclusive and artistic ever shown and, if you anticipate the purchase of anything in silver, we would be pleased to have you inspect our stock, or, if this is not convenient, write us for the information desired.

A piece or set of silverware is very appropriate as a Holiday, Wedding or Anniversary gift. Our prices will be found very reasonable and the quality is guaranteed.

ENGRAVING

We execute the very finest work in this department. Our engraving has a rich, artistic finish, which commends it to people of refined taste. If an article is to be engraved, it is advisable to place your order early as possible.

INSTRUCTIONS FOR ORDERING BY MAIL

You need have no hesitancy in ordering from the illustrations in this catalog, for behind every article herein is not only our own guarantee but also the guarantee of the manufacturer.

MAIL ORDERS.—Our facilities are the best for filling orders promptly and satisfactorily. We have a special department for the execution of mail orders, and the greatest care is exercised when the selection is left to us. Goods desired for the Holidays should be ordered early as possible to avoid delays incident to the great pressure of business at that time.

PRESENTS.—Persons wishing to send presents may send us the cards with the order and shipping instructions. We guarantee that the gift will be delivered in a manner reflecting the greatest possible credit on the purchaser.

HOW TO ORDER.—When ordering, do not cut catalog—simply give name of article, catalog number and price. Always give your full name and state whether Mr., Mrs. or Miss, and Post Office address. Give us definite instructions and we can insure satisfactory service.

HOW TO REMIT.—Those who have not opened a regular charge account or arranged for one, should remit with the order. Money may be sent by Registered Mail, Postal or Express Money Order, Bank Draft or Currency. Postage stamps will be accepted for small purchases or fractions of dollars.
